

DUBAI AUTODROME KARTING ACADEMY

Parent Information Pack

TERM 3 - 2023

APR- JUN 2023

Dear Parents,

On behalf of Dubai Autodrome, we are delighted to announce the dates for the new school term.

At DAKA, your child will be immersed in the most adrenaline fueled after-school programme in the UAE. I do wish they had such a program in my day!

Please remember that motorsport is challenging – it will be hot at times and physically demanding. We encourage our students to drink plenty of water before and during their DAKA classes.

Breaks are encouraged too, where students can take a rest from the driving sessions whenever they feel the need to. As we know everyone progresses at their own pace!

At the end of the course, your child will understand the different parts of a go-kart and how to maintain them. He or she will also learn the correct racing line, overtaking techniques and all the rules and regulations of motorsport.

We look forward to welcoming your son/daughter into the world of motorsport.

Yours Sincerely,

Faisal Al Sahlawi
General Manager

Dates & Timings

Our next term commences on Monday 10th April 2023 for all 3 DAKA levels.

Level One – Thursday (Starting 13th April) - Indoor Kartdrome

Level Two – Mondays (Starting 10th April)- Outdoor Kartdrome

Level Three –Tuesdays (Starting 11th April) – Outdoor Kartdrome

Level One is open to beginners and experienced drivers above the age of 7 years (on or before 10th April 2023)

Level Two is open to racers with more experience:

- Graduates of DAKA Level 1.
- Children who have visited the Indoor Kartdrome 15 times or more and accumulated more than 150 laps with lap times under 34 seconds.
- Members of the Sodi World Series championship.
- Children who are 14 years or older are recommended to start with level two.

Level Three is open to graduates of Level Two.

- This is where all the skills students have acquired through levels one and two get put to the test through a mix of lessons and SWS race nights.
- They will also be given the opportunity to delve deeper into kart maintenance and have hands-on experience working with two-stroke race karts.
- Students will also be equipped with the necessary knowledge to pass the race license assessment.

Course Outline

Our DAKA programme consists of various driving and mechanical theory and practical sessions which combined, help our students develop the skills necessary to become a racing driver. The programme covers:

- Rules and guidelines on how to drive safely and stay safe in a kart.
- Structured racing tuition with our experts resulting in reducing lap times.
- Driving sessions on different track combinations to master different racing lines. These are changed over the period of the programme and become progressively more difficult.
- Workshop classes covering various mechanical tasks such as, wheel removal/refitting, engine oil change and engine removal. These also progress to more difficult tasks as the course progresses.

DAKA classes are structured as follows:

Up to 3 x 15-minute karting sessions

30-minute practical in the workshop

Level 3:

Race nights - SWS Junior/Senior races

Lesson nights – Open practice 45-60 minutes

+ 30 minutes of practical.

Course Outline

Over a period of 9 months, our students are able to progress through all 3 different levels of the academy. The academy will help students develop the necessary skills to become racing drivers but also equip them with valuable knowledge and build confidence that they can apply to other disciplines.

As a programme developed and overseen by experienced and multiple championship winning drivers and coaches providing the highest standard of kart training to children in the UAE. DAKA provides a pathway to a professional career in motorsport. DAKA is a natural first-step into series such as the Emirates School Karting Series (ESKC), Sodi World Series (SWS) and the world-renowned Dubai Kartdrome Endurance Series.

Curriculum

DAKA will work through set levels of tuition as follows:

Levels	Track Exposure	Curriculum Overview
One	Indoor Clockwise & Anti-Clockwise with One sessions at Outdoor Kartdrome (Cadet layout)	<p>Introduction to karting: learn the basics of kart driving.</p> <p>DAKA will run both clockwise and anti-clockwise track configurations to allow drivers to adapt and learn the following:</p> <ul style="list-style-type: none"> • Correct driving positions. • Racing lines; understanding corner apexes & braking points. • Direction and specifics of each configuration. • Memorization of different configurations.
Two	Outdoor Kartdrome (Cadet, National and International courses)	<p>More comprehensive driving and mechanical classes, introduction to race craft where drivers will start to develop skills and an understanding of the following:</p> <ul style="list-style-type: none"> • Overtaking. • Defending their position, whilst optimizing consistency and smoothness on track. <p>The karting coaches will develop race discipline by encouraging drivers only to overtake through certain corners, helping them gain confidence and master overtaking techniques.</p> <p>An introduction to the outdoor track, using half of the International Dubai Kartdrome circuit to perfect the corners in a sector, before advancing onto another part of the track.</p> <p>A special race day event at Dubai Kartdrome on the final day of the programme to put everything the students have learnt into practice.</p>
Three	Outdoor International Plus, SWS racing nights	<p>To prepare the driver to successfully be able to pass the 'race license test assessment'</p> <p>Provide them experience in maintaining a two-stroke race kart should they choose to start racing in professional series such as Rotax and IAME UAE.</p> <p>By using one circuit layout for the entire course, we can track the progress rate of the drivers across the 5-6 weeks of lessons and 4-5 weeks of racing.</p> <p>All students will be provided with a book about the rules of karting.</p> <p>Mixed training courses with SWS race nights to expose students to real racing situations to develop racing experience.</p>
