

# ***DUBAI AUTODROME KARTING ACADEMY***

## ***Parent Information Pack***

**TERM 2 - 2024**

**JAN - MAR 2024**

Dear Parents,

On behalf of Dubai Autodrome, we are delighted to announce the dates for the new school term.

At DAKA, your child will be immersed in the most adrenaline fueled after-school programme in the UAE. I do wish they had such a program in my day!

Please remember that motorsport is challenging – it will be hot at times and physically demanding. We encourage our students to drink plenty of water before and during their DAKA classes.

Breaks are encouraged too, where students can take a rest from the driving sessions whenever they feel the need to. As we know, everyone progresses at their own pace!

At the end of the course, your child will understand the different parts of a go-kart and how to maintain them. He or she will also learn the correct racing line, overtaking techniques and all the rules and regulations of motorsport.

We look forward to welcoming your son/daughter into the world of motorsport.

Yours Sincerely,

Faisal Al Sahlawi  
General Manager

## ***Dates & Timings***

Our next term commences on Monday 8<sup>th</sup> January 2024 for all 3 DAKA levels.

**Level 1** – Thursdays (Starting 11<sup>th</sup> January) - Indoor Kartdrome

**Level 1** – Wednesdays (Starting 10<sup>th</sup> January) - Indoor Kartdrome

**Level 2** – Mondays (Starting 8<sup>th</sup> January)– Outdoor Kartdrome

**Level 3** – Tuesdays (Starting 9<sup>th</sup> January) – Outdoor Kartdrome

**Level 1** is open to beginners and experienced drivers above the age of 7 years (on or before 8<sup>th</sup> January 2024)

**Level 2** is open to racers with more experience:

- Graduates of DAKA Level 1.
- Fast-track is only allowed with approval of DAKA Coordinator.
- Children who have visited the Indoor Kartdrome 15 times or more and accumulated more than 150 laps with lap times under 33 seconds.
- Members of the Sodi World Series championship.
- Children who are 14 years or older are recommended to start with level two.

**Level 3** is open to graduates of Level Two.

- This is where all the skills students have acquired through levels one and two get put to the test through a mix of lessons and SWS race nights.
- They will also be given the opportunity to delve deeper into kart maintenance and have hands-on experience working with two-stroke race karts.
- Students will also be equipped with the necessary knowledge to pass the race license assessment.

## Course Outline

Our DAKA programme consists of various driving and mechanical theory and practical sessions which when combined help our students develop the skills necessary to become a racing driver. The programme covers:

- Rules and guidelines on how to drive safely and stay safe in a kart.
- Structured racing tuition with our experts resulting in reducing lap times.
- Driving sessions on different track combinations to master different racing lines. These are changed over the period of the programme and become progressively more difficult.
- Workshop classes covering various mechanical tasks such as, wheel removal/refitting, engine oil change and engine removal. These also progress to more difficult tasks as the course progresses.

DAKA classes are structured as follows:

Up to 3 x 15-minute karting sessions

30-minute practical in the workshop

Level 3:

Race nights - SWS Junior/Senior races

Lesson nights - Open practice 45-60 minutes  
+ 30 minutes of practical.

## Course Outline

Over a period of 9 months, our students are able to progress through all 3 different levels of the academy. The academy will help students develop the necessary skills to become racing drivers but also equip them with valuable knowledge and build confidence that they can apply to other disciplines.

The programme is developed and overseen by experienced and multiple championship winning drivers and coaches providing the highest standard of kart training to children in the UAE. DACA provides a pathway to a professional career in motorsport and acts as a natural first-step into series such as the Emirates School Karting Series (ESKC), Sodi World Series (SWS) and the world-renowned Dubai Kartdrome Endurance Series.

## Curriculum

DAKA will work through set levels of tuition as follows:

Levels	Track Exposure	Curriculum Overview
<b>One</b>	Indoor Clockwise & Anti-Clockwise with One sessions at Outdoor Kartdrome (Cadet layout)	<p>Introduction to karting: learn the basics of kart driving.</p> <p>DAKA will run both clockwise and anti-clockwise track configurations to allow drivers to adapt and learn the following:</p> <ul style="list-style-type: none"> <li>• Correct driving positions.</li> <li>• Racing lines; understanding corner apexes &amp; braking points.</li> <li>• Direction and specifics of each configuration.</li> <li>• Memorization of different configurations.</li> </ul>
<b>Two</b>	Outdoor Kartdrome (Cadet, National and International courses)	<p>More comprehensive driving and mechanical classes, introduction to race craft where drivers will start to develop skills and an understanding of the following:</p> <ul style="list-style-type: none"> <li>• Overtaking.</li> <li>• Defending their position, whilst optimizing consistency and smoothness on track.</li> </ul> <p>The karting coaches will develop race discipline by encouraging drivers only to overtake through certain corners, helping them gain confidence and master overtaking techniques.</p> <p>An introduction to the outdoor track, using half of the International Dubai Kartdrome circuit to perfect the corners in a sector, before advancing onto another part of the track.</p> <p>A special race day event at Dubai Kartdrome on the final day of the programme to put everything the students have learnt into practice.</p>
<b>Three</b>	Outdoor International  Plus, SWS racing nights	<p>To prepare the driver to successfully be able to pass the 'race license test assessment'</p> <p>Provide them experience in maintaining a two-stroke race kart should they choose to start racing in professional series such as Rotax and IAME UAE.</p> <p>By using one circuit layout for the entire course, we can track the progress rate of the drivers across the 5-6 weeks of lessons and 4-5 weeks of racing.</p> <p>All students will be provided with a book about the rules of karting.</p> <p>Mixed training courses with SWS race nights to expose students to real racing situations to develop racing experience.</p>
