7.0 – NOVICE DRIVERS

All novice drivers who have not yet completed three National race meetings will be required to start each of the heats on Saturday, from the back of the grid. However – Novices will be legible to score points from these heats and will start the Super Heat in the grid position as per their overall points scored from the race heats. Points from the Super Heat + the total points accumulated across the three heats, will be used to determine the starting positions for the Grand Final.

8.0 – AWARDS & PRIZES

8.1.1 – The top three drivers from each category in the Grand Finals will receive a trophy. The organisers reserve the right to proceed with the awards presentation regardless of status of any appeals/protests. Please note the awards and trophies will be given based on minimum number per class (Atricle #2.4.4)

Results do not become official until 30 minutes “protest time” has elapsed without objection. Prize winners are to ensure that race suits are worn and zipped up with collar closed. Race boots should also be worn.

8.1.2 - The 2026 Dubai 'O Plate' will take place at the Dubai Kartdrome. The winner of their respective categories will be crowned: **Dubai 'O' Plate Champions for 2026**. There will be prizes given and awarded to drivers in certain categories, according to their official classified results. In such cases, competitors must confirm the utilization of the prize within 2 months. Failure to do so, then O Plate Organisers will reassign the prize at their discretion.

8.2 - Should any prize winner not wish to utilize 'themselves' any prize they have won, they are to inform Dubai Autodrome Management, who will reassign the prize at their discretion. There will be no cash replacement for the said prize and prizes can not be given away.

8.3 - Should any Prize winner have won a race weekend. The prize winner is requested to book their race weekend with either of the O plate Sponsors mentioned, by April 30th 2026. Dubai Autodrome Management, reserve the right will reassign prizes at their discretion.

8.4 - Should any Prize Winner have booked their race weekend with either of the sponsors mentioned, but cancel it or not turn up for the event – Prize becomes automatically 'null & void' and Dubai Autodrome Management, reserve the right to award the said prize to the next highest competitor.

- Officials

- Authorized Media

- Bambino Track Side Assistants (when appropriate)

In the event of a serious incident / Red Flag situation, the clerk of the course may elect to have a parent, guardian or team member of the driver (s) involved to be escorted to the scene, when the situation has been brought under control and it is safe to do so. No other unauthorised personnel are to be permitted to enter the track during an incident.

12.1 – CLARIFICATION ON OVERTAKING UNDER THE YELLOW FLAG:

This is self-explanatory and is when a driver fails to observe the requirements of this flag being displayed by race officials.

Overtaking under a yellow flag or full course yellow flag:

Yellow flag conditions start from the Point at which the flag is being waved, ie Marshal post or where an official is standing whilst waving the yellow flag. You must have completed your overtake and be in front of the kart your overtaking, **before** the yellow flag is being waved. Should the overtake have taken place after the Marshal Post, a penalty may be applied. Once passing the Marshal Post, the driver can only start overtaking once passing a 'Green' flag or passing another manned marshal post not waving the yellow.

12.2 – CLARIFICATION ON REGAINING YOUR ORIGINAL POSITION ON A FORMATION LAP: (For all categories except Bambino):

A driver who is otherwise delayed and finds themselves out of position will have the possibility of regaining his/her place, as long as it's done before the Red Formation Line. If a driver is unable to regain their original starting position – they can stay in the position they reached, provided it's not higher up the grid than their original. Eg. If the driver was meant to start P3 and dropped to P21 on the formation lap. If the driver manages to reach P7 before the Red Formation Line, then the driver can stay in the said position. In order to regain one's position, it is forbidden to use any course other than the track used during the race. Any driver permitted to join the track AFTER a false start MUST remain at the back of the grid on the current formation lap and any subsequent formation lap until the race is officially started.

12.2.1 – If the Clerk of the Course considers that a Driver has been immobilized as a result of another Driver's mistake, the Clerk of the Course or the Race Director may stop the formation lap and start again the starting Procedure on the basis of the original grid or allow the impeded driver to regain their position.

12.3 – BLUE & RED FLAG (DOUBLE DIAGONAL): When a Driver is shown this flag, the concerned Driver must return to Parc Ferme Immediately or on the next lap.

13 – PENALTIES: Drivers receiving a black flag will receive no points. If a black flag is issued, this is deemed by officials to be an international breach of rules, therefore any points awarded for that race, will be deducted from the overall score (minus points).

14 – OFFICIAL TESTING: All drivers who wish to participate within Official Testing, must have a Transponder Fitted and tyres must have been supplied by Dubai Kartdrome. Karts without a working Transponder will be shown the Technical Flag and must report to the Pit Lane.
