

DUBAI KARTDROME

DUBAI BAMBINO CUP

Event: DUBAI BAMBINO CUP 2026 - 2027

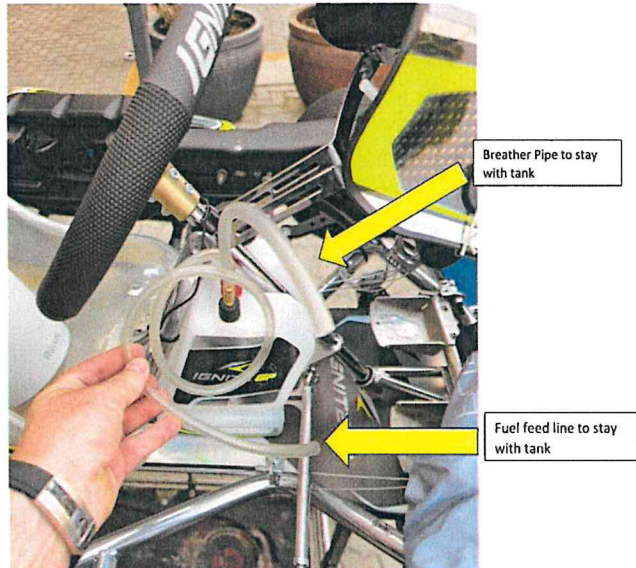

CHAMPIONSHIP BULLETIN : # 1

Subject: CONTROL FUEL PROCEDURE

Dear Drivers, Parents, Team Manager,

To protect the integrity of the **Dubai Bambino Cup Sporting and Technical Regulation 2026-2027 v1 (27-08-2026)**
- **Article 9**, the following control fuel procedures will apply:

- Fuel Tanks must be empty & clearly marked with kart Number when being submitted
- Only the Dubai Kartdrome supplied control fuel – available from scrutineers, is permitted
- When the fuel tank is removed from the kart at the end of each session, the **breather pipe and main fuel line** must remain with the tank.
- All refuelling must take place inside Parc Fermé in the presence of a scrutineer.
- Once a fuel tank has been handed in, teams must not open it under any circumstances, including when collecting the tank or preparing for the start.
- Any competitor found tampering with the control fuel, including adding tablets, additives or any other performance-enhancing substance, will be disqualified from the series.
- Any team or entrant with concerns about possible fuel tampering is encouraged to support the claim with video evidence before approaching the organisers.

These procedures apply to all competitors without exception.

Regards,

DAVID BRIGHT
Organiser & Race Director
